

Fall 2004
Financial Accounting 201
EXAM #2

NAME _____
SECTION TIME (Circle one) 10:00 12:00 1:00

Answer all multiple choice questions below; there is only one BEST answer (2 points each)

- 1. _____
- 2. _____
- 3. _____
- 4. _____
- 5. _____
- 6. _____
- 7. _____
- 8. _____
- 9. _____
- 10. _____
- 11. _____
- 12. _____
- 13. _____
- 14. _____
- 15. _____

Note: Put answers to problems on Pages provided. Turn in all pages of exam.

Put answer sheets in front of exam.

SCORE

	Possible	Actual
Multiple Choice	30	
Problem I	30	
Problem II	30	
Short Answer	<u>10</u>	
Total	<u>100</u>	

Multiple Choice (2 points each) There is only **ONE BEST** answer.

MULTIPLE CHOICE

1. If **accounts receivable** has debit postings of \$19,000, credit postings of \$10,000, and a beginning normal balance of \$11,000, its ending balance is
 - a. \$2,000
 - b. \$9,000
 - c. \$20,000
 - d. \$21,000

2. Revenue from the sale of merchandise normally is recognized (i.e., recorded)
 - a. on the date of sale.
 - b. when the customer pays for the merchandise.
 - c. at the earlier of two dates i.e., the date on which the sale occurs, or the date on which the customer pays.
 - d. when the merchandise is sold, if sold for cash, or when payment is received, if sold on credit.

3. Closing entries result in net income being calculated in the income summary account and then transferred to the
 - a. Revenue account.
 - b. Common Stock account.
 - c. Dividends account.
 - d. Retained Earnings account.

4. Customers often return merchandise to the store where they bought the merchandise. In order to capture information on returned merchandise, stores should record the dollar amount of merchandise returned by customers
 - a. as a reduction in the Sales account.
 - b. as an addition to the Purchases account.
 - c. in a special inventory account called purchase returns and allowances
 - d. in a contra-revenue account called sales returns and allowances

5. Flies Corp. sold merchandise to a customer on credit. The invoice amount was \$1,500; the invoice date was December 10; credit terms were 1/10, n/30. Which of the following statements is true?
- The customer can take a \$15 discount if the invoice is paid by Dec. 20.
 - The customer should pay \$1,485 if the invoice is paid by January 9.
 - The customer must pay a \$15 penalty if payment is made after Jan. 9.
 - The customer must pay \$1,515 if payment is made after December 20.
6. Which of the following statements is **false**?
- The Inventory account is updated after every sale and purchase of merchandise under the perpetual inventory system.
 - The Inventory account is updated only at the end of the accounting period under the periodic inventory system.
 - A Cost of Goods Sold account is updated after each sale of merchandise under the perpetual inventory system.
 - A Purchases account is used under both the periodic and perpetual inventory systems.
7. Which of the following is a **not** an advantage of the perpetual inventory system over the periodic inventory system?
- Inventory losses can be identified and controlled better under the perpetual system.
 - The equipment and personnel cost of implementing the perpetual inventory system is likely to be less than under periodic.
 - The perpetual system is suitable for businesses with a relatively small volume of high unit price merchandise.
 - The perpetual system provides more timely information to management than does periodic.
8. The accounting cycle is
- the time period from using cash to purchase merchandise through the collection of cash from sales of merchandise.
 - the calendar year.
 - the 12-month time period which an entity uses for its accounting period.
 - the series of steps performed for a time period beginning with collection and analysis of data from source documents and ending with preparation of financial statements.
9. Failure to make an adjusting entry to recognize rent receivable would cause:
- an understatement of assets and an understatement of income and owners' equity.
 - an overstatement of assets and owners' equity and an understatement of net income.
 - no effect on assets, liabilities, net income, and owners' equity.
 - an overstatement of assets, net income, and owners' equity.
 - None of the above is correct.

10. A company has appropriately applied the matching principle in 2004 in each case described below **EXCEPT**:
- Sales commissions are charged to expense in 2004 on all sales revenue realized in 2004 even though some of the commissions have not been paid.
 - Insurance expense is recognized for the total cost of a 1-year policy purchased in August, 2004.
 - A loss is recognized in 2004 on land that is sold below its cost.
 - Utility expenses (e.g., for electricity and water used) are recognized in 2004 even though the last bill received in 2004 has not been paid.
11. A list of all accounts and their balances which is used to prove the equality of debits and credits as of a specific date:
- Account
 - General journal
 - General ledger
 - Chart of accounts
 - Trial balance
12. Ellis Company sells merchandise on account for \$1,200 to Thomas Company with credit terms of 2/10, n/30. Thomas Company returns \$400 of merchandise that was damaged, along with a check to settle the account within the discount period. What entry does Ellis Company make upon receipt of the check?

a. Cash	800	
Accounts Receivable		800
b. Cash	784	
Sales Returns and Allowances	416	
Accounts Receivable		1,200
c. Cash	784	
Sales Returns and Allowances	400	
Sales Discounts	16	
Accounts Receivable		1,200
d. Cash	1,176	
Sales Discounts	24	
Sales Returns and Allowances		400
Accounts Receivable		800

Use the following information to answer questions 13 through 15

Financial information is presented below:

Operating Expenses	\$ 55,000
Sales Returns and Allowances	13,000
Sales Discount	6,000
Sales	160,000
Costs of Goods Sold	77,000

13. The amount of net sales on the income statement would be
- \$154,000.
 - \$141,000.
 - \$160,000.
 - \$166,000.
14. Gross Profit would be
- \$77,000.
 - \$70,000.
 - \$64,000.
 - \$83,000.
15. The profit margin rate would be
- .454.
 - .546.
 - .500.
 - .538.

Problem I (30 points)

Journalize the following business events in general journal form. Identify each transaction by number.

1. Stockholders invest \$325,000 in cash in starting a clothing store operating as a corporation.
2. Purchased \$150,000 of clothes for resale on credit.
3. Purchased store equipment for \$16,000, paying \$3,500 in cash and signed a 60-day, \$12,500, note payable.
4. Signed a contract to deliver \$75,000 of clothes to the UNCW athletic department, the gross profit rate is 20%.
5. Shipped \$40,000 of monogrammed shirts to a customer on account. The cost of merchandise was \$25,000 (assume perpetual inventory)
